Binding by Machine and Hand

In this class you will learn how to add binding to your quilt. I will teach you how to do a binding by machine, and finish by hand. You will learn to join the mitered ends of the binding without a special tool and how to make your corners nice and square.

Basic Sewing Supplies

Sewing Machine - clean and in good working order

Walking Foot for your machine

Ripper

Small Scissors

Rotary Cutter

Small Cutting mat - at least 12 x 18

Thread to match your binding fabric

Hand sewing needles. I will also bring some you can try.

Thimble—if you use one.

For your project you will need a small pre-quilted piece. About 40 x 40. If you don't have one you can buy pre-quilted fabric. Also, table runners work well. Please don't bring anything over a lap size quilt.

Fabric for binding to go all the way around your quilt plus an extra 12".

Please contact me if you have questions.
