940-659-8134

Sewing machine-clean, in good working order, with new 80/12 machine needle

Walking foot-make sure this fits your machine before class

Thread-good quality thread in color to match the color of your binding

Bobbin-already wound with color to match top thread

Sewing Stiletto-can be metal or wooden

Pre-Quilted quilt-about a lap size will work the best for time available in class. Do not bring huge quilts or really small quilts. You will be more successful in learning the technique with this moderate size quilt.

Fabric-to make binding. You will need enough to go completely around your quilt with an additional 18". You can pre-cut this into 2 ¼" strips. A lap quilt will take about 6 or 7 strips. Bring your leftover fabric.

Scissors

Pins

Seam Ripper

Marking pencil that will show up on your binding fabric.
